

Publix Standby Generator Program

- 2005 - Generator Program initiated
- Supporting the communities we serve
 - restoration of services
- 803 - 500KW Generators installed to date
- 1153 - 60KW life safety units
- 20 – mobile 500KW generators
- 500 – 1000 – 2500 gallon fuel tanks
(2500 gallon on barrier islands)
- 36 gallons per hour burn rate running at full capacity

Hurricane Irma

- 600 - stores on generator at one time
- 669 - total generators operated
- 2 to 9 days - range of operation
- 998 total days – aggregated from all generators
- Load shedding almost doubled run time (would have lost product in 166 stores)
- Supporting communities – cell phone charging, ice, water, perishable product
