Appendix A. PV System Inspection Checklist

Please specify the requested information in the spaces provided below:				
1. General Project Information				
Project Code (DB):				
Project Description:				
Project Location:	Street:	City:	State:	Zip:
	0.100.	Ony.	<u> Ciaio.</u>	- ip.
Owner/Operator:				
Contact:	Name:		Phone:	
System Installation Date:				
Project/Contract Sponsor:	Name:		Phone:	
2. System Information				
PV Module/Array				
Manufacturer's DC Peak Rating				
PV Array Configuration				
Parallel Array Source Circuits				
PV Panels				
Power Conditioner				
Metering				
DAS and Instrumentation				
3. Inspection Record				
Date of Inspection				
Field Crew				
Purpose				
Background				
4. User/Operator Interview				
Comments/Experience				
Interpretation				
Problems				
5. Overall Site Evaluation				
Solar Resource				
Shading Potential				
Orientation				
Other Site Conditions				
6. PV Array Installation				
Roof Integration and Attachment				
Interconnect Wiring				
Junction Boxes				
Soiling				
Orientation				
7. BOS Installation				
Inverter and Disconnects				
Junction Boxes				
Controls				
Batteries				
8. Mechanical Installation				
Array Structural Attachment				
Weather Sealing				
Corrosion				
Safety Issues				
9. Electrical Installation				
Wiring, Conduit and Junction Boxes				
Terminations and Connections		<u></u>		<u> </u>
Disconnects and Overcurrent Devices				
Grounding				

Rev. 1/99 Page 1

Appendix A. PV System Inspection Checklist

Use of Listed Equipment	
Code Compliance	
Safety Issues	
Use of Labels and Markings	
10. Utility Interconnection	
Conection Point	
Accessibility	
Metering	
Disconnects	
11. Performance Assessment	
Array DC Power/Energy Performance	
PCU AC Power/Energy Performance	
Power Factor and Harmonics Measurement	
Shut Down Operation/Verification	
Start Up Operation/Verification	
Array DC Rating	
System AC Rating	
Discrepancies	
12. Documentation Review	
System Manuals	
Record Keeping	
13. Maintenance/Repair Activity	
Activity	
Corrective Actions Taken	
Need for Follow-Up	
Notes/Comments:
